

rabalux[®]
2023-24

DEAR BUSINESS PARTNER!

KEDVES PARTNERÜNK!
LIEBER GESCHÄFTSPARTNER!

Allow us to present the renewed **Rabalux** product catalogue that has been designed with your needs in mind. At the beginning of the catalogue product lines are introduced based on style.

Our renewed infographics and countless detail photos will bring our lamps even closer to you. In case of many products we also help you find the perfect light bulb for the respective product with lightsource recommendations.

In our catalogue containing more than **2,000** products we have increased the number of our SMART products, multifunctional ceiling lights with built-in LED and our outdoor solar lamps, while taking market needs into account.

Thanks to our creative design engineers, the number of our self-designed lamps has also increased – they have been marked with a “**designed by Rabalux**” label.

We hope you will find the perfect lamp that illuminates your home.

Engedje meg, hogy bemutassuk a **Rabalux** megújult termékkatalógusát, melyet az Ön igényeit szem előtt tartva alkottunk meg! Katalógusunk elején a termékcsaládok stílusok szerint kerülnek bemutatásra.

Megújult infografikáink, valamint a számtalan részletfotó még inkább testközelbe hozza lámpáinkat. Számos termékünknel fényforrás ajánlóval is segítjük megtalálni a lámpához tökéletesen illő fényforrást.

Több, mint **2000** terméket felölelő katalógusunkban a piaci igényeket figyelembe véve bővítettük SMART termékeink és beépített LED-es, többfunkciós mennyezeti, valamint kültéri napelemes lámpáink számát.

Kreatív tervező mérnökeinknek köszönhetően növekedett a saját tervezésű lámpáink száma is, melyeket „**designed by Rabalux**” jelzéssel láttunk el.

Reméljük, Ön is megtalálja a tökéletes lámpát, amellyel beragyoghatjuk otthonát!

Gestatten Sie uns, den erneuerten **Rabalux**-Produktkatalog vorzustellen, der auf Ihre Bedürfnisse zugeschnitten wurde. Am Anfang des Katalogs werden die Produktlinien nach Stil vorgestellt.

Unsere erneuerte Infografiken und zahllose Detailfotos bringen unsere Lampen noch näher zu Ihnen. Im Falle von vielen Produkten helfen wir auch mit Lichtquellenempfehlungen, damit Sie die perfekte Lichtquelle zum jeweiligen Produkt finden können.

In unserem Katalog, der mehr als **2000** Produkte enthält, haben wir die Anzahl unserer SMART Produkte, multifunktionellen Deckenleuchten mit eingebauten LED-Lichtquellen und unserer Außensolarleuchten unter Berücksichtigung der Marktanforderungen erhöht.

Dank unseren kreativen Design-Ingenieure hat sich auch die Anzahl unserer selbst entworfenen Lampen erhöht, die wir mit dem Zeichen „**designed by Rabalux**” versehen haben.

Wir hoffen, Sie werden die perfekte Lampe finden, mit der wir Ihr Zuhause anstrahlen können.

DESIGNED BY RABALUX

designed by
rabalux[®]

EN During the creation of our self-designed products it was an important consideration that they would comply with the current trends and market demands, but also stand out from our existing range, thus making it more diverse.

HU Saját tervezésű termékeink megalkotása során fontos volt, hogy illeszkedjenek az aktuális trendekhez és piaci igényekhez, ugyanakkor kiemelkedjenek meglévő kínáltunkból is, így színesítve azt.

DE Bei der Entwicklung unserer selbst entworfenen Produkten war es von grosser Bedeutung, dass sie den aktuellen Trends und Marktanforderungen entsprechen, sich aber auch von unserem bestehenden Angebot abheben und es dadurch vielfältiger machen.

BENITA

EN Our Benita product line is decorated with natural motifs: lamps emitting warm white light have a ginko leaf pattern, while the ones radiating natural white light feature art deco patterns.

HU Benita termékcsaládunkat a természet motívumai díszítik: ginkó levél a meleg fehér fényű, art déco mintázat a természetes fehér fényű tagokat.

DE Unsere Produktlinie Benita wurde mit Naturmotiven dekoriert: Lampen, die warmweißes Licht abstrahlen, haben ein Ginkoblattmuster, während Modelle, die mit neutralweißem Licht leuchten, wurden mit Mustern im Art Deco Stil versehen.

GREMIN, BITSI & PRUE

EN Representing the minimalist style, the Gremin, Prue and Bitsi product lines are based on simple geometric shapes, thus they can easily be fitted in our homes. Various colour temperatures make these products truly exciting. The Gremin and the Prue have a square, round and elliptic ground-form, and thanks to their multiple features, they are guaranteed to be a perfect choice for those who like lamps with a modern and pure design. Combining black colour with a hexagonal shape and symbolizing a honeycomb, the Bitsi products are considered unique even among our acrylic ceiling lights.

HU A Gremin, Prue és Bitsi minimalista stílusú termékcsaládok egyszerű geometriai formákra építenek, így könnyedén beilleszthetők otthonunkba, a különböző színhőmérsékletek pedig igazán izgalmassá varázsolják a termékeket. A négyzet, kör és ellipszis alapformájú Gremin és Prue sokrétű funkcióinak köszönhetően garantáltan tökéletes választás a modern és letisztult lámpák kedvelőinek. A fekete színt hatszög formával kombináló, méhsejtet szimbolizáló Bitsi termékek az akril mennyezeti lámpáink között is egyedülállónak számítanak.

DE Die Produktlinien Gremin, Prue und Bitsi vertreten den Minimalstil und basieren auf einfache geometrische Formen, so können mit Leichtigkeit in unser Zuhause integriert werden. Verschiedene Farbtemperaturen machen die Produkte wirklich spannend. Die Gremin und Prue haben eine quadratische, runde und elliptische Grundform, und dank ihren mannigfachen Funktionen sind sie sicherlich eine perfekte Wahl für diejenigen, die Lampen mit einem modernen und reinen Design mögen. Die Bitsi-Produkte, die die Farbe Schwarz mit einer sechseckigen Form kombinieren und eine Bienenwabe symbolisieren, gelten als einzigartig auch unter unseren Acryl Deckenleuchten.

DESIGNED BY RABALUX

ROTEM & BOROO

EN The product Boroo combines the industrial and geometric design. With its strongly masculine style it is an ideal choice into cool bachelor homes. Its form is made characteristic by the grating that is tilted at 45 degrees, making the scenery unique by the visual layering of the sides.
Our industrial-rustic style Rotem product family is characterised by real wood material and a black textile cable. The lampshades are made truly unique by the laser cut geometric patterns.

HU A Boroo termék ötvözi az ipari és geometrikus formavilágot. Erősen maskulin jellegével ideális választás vagány aglegény lakásokba. Formai jellegzetessége a 45 fokban döntött rácsozat, ami az oldalak vizuális egymásra rétegződésével teszi egyedivé a látványt.
A Rotem ipari és rusztikus stílusú lámpacsaládunk valódi faanyagból és fekete textilkábelrel rendelkezik. Lámpabúráját lézervágott geometrikus mintázat teszi igazán egyedivé.

DE Das Produkt Boroo kombiniert das industrielle mit dem geometrischen Design. Mit seinem stark maskulinen Charakter ist es eine ideale Wahl in verwegene Junggesellenwohnungen. Ihre Form wird durch das Gitterwerk charakteristisch gemacht, das um 45 Grad gekippt ist und die Szenerie mit der visuellen Übereinanderschichtung von den einzelnen Seiten einzigartig macht.
Unsere industrielle und rustische Lampenlinie Rotem ist durch echtes Holzmaterial und schwarzes Textilkabel geprägt. Die lasergeschnittenen geometrischen Mustern machen die Lampenschirme richtig originell.

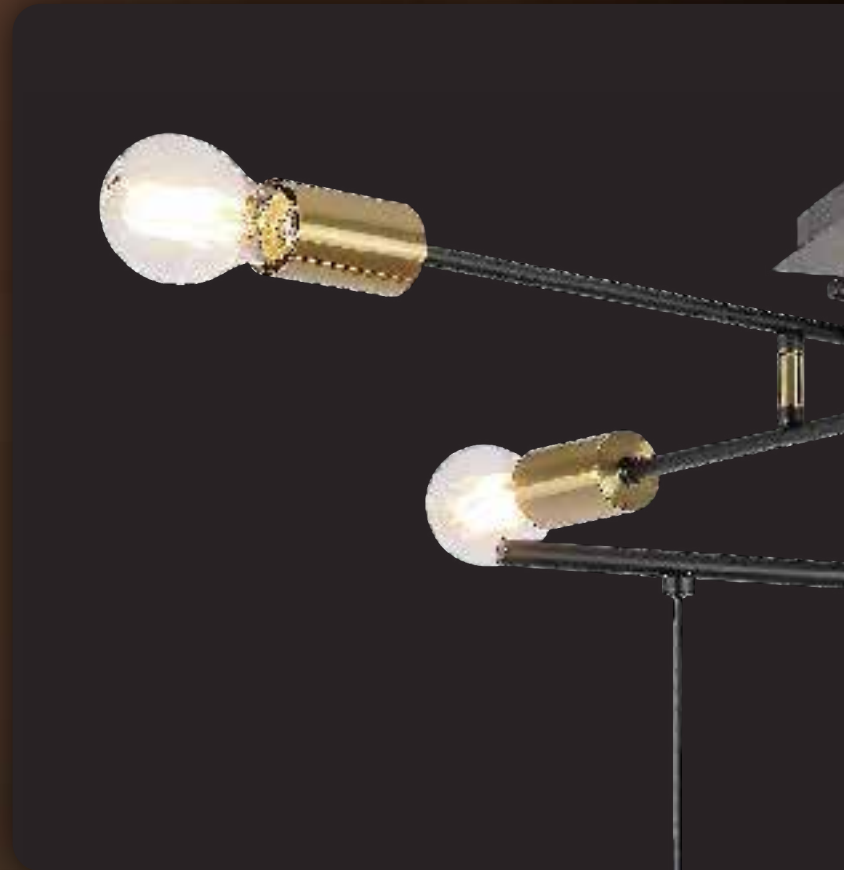

LANNY & CALISTA

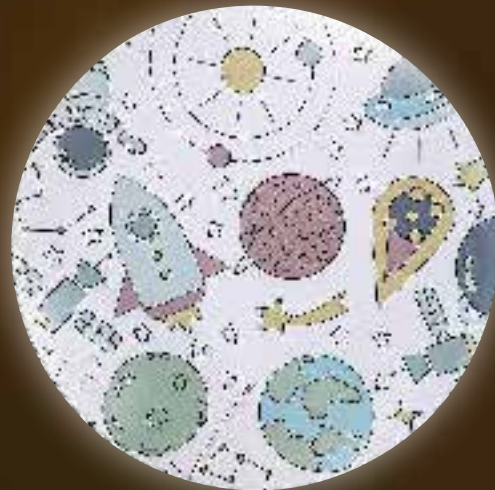

EN The distinctiveness of our industrial-style **Lanny** and **Calista** models is given by the various positions of the lamp heads, some of which hang long in the form of pendants and others are located close to the decorative base. The lower and upper light sources can be operated separately with the help of a wall switch.

HU Az ipusztíriális stílusú **Lanny** és **Calista** modellek különlegességét a lámpafejek különböző pozíciója adja, melyek közül néhány függeszték formájában hosszan lelóg, a többi pedig a dísztalpához közel helyezkedik el. Az alsó, illetve felső fényforrások csillárkapcsoló segítségével külön-külön is működtethetők.

DE Die Besonderheit der im Industriestil gefertigten **Lanny**- und **Calista**-Modelle ist die unterschiedliche Positionierung der Lampenköpfe, von denen einige in Form von Pendelleuchten tief hängen und andere sich in der Nähe des Baldachins befinden. Die unteren und oberen Lichtquellen können auch separat mit Hilfe eines Serienschalters betrieben werden.

DESIGNED BY RABALUX

MINKA & AKALI

EN With its cheerful look the Akali lamp can be a perfect accessory for both children and adults. The composition of natural wood and acrylic is made truly exciting by the individually created sailboat and the dolphin that has been made with soft lines.

To 2 of the 5 members from our Minka product line have also been added a unique design. One of our large decorative lamps that are characterised by a modern design has a galaxy pattern, while the other one is decorated by a rainbow-heart pattern.

HU Az Akali lámpa a maga vidám megjelenésével tökéletes kiegészítő lehet gyermekek és felnőttek számára is egyaránt. A természetes fa és akril kompozícióját az egyedileg alkotott vitorlášajó és lágy vonalvezetéssel készült delfin teszi igazán izgalmassá.

5 tagú Minka termékcsaládunk 2 tagját egyedi designnal is felruháztuk, a nagy méretű, modern formavilágú dekorlámpáink egyike galaxis, másik pedig szivárványos-szívecske mintázatú.

DE Die Lampe Akali kann mit ihrem lustigen Aussehen ein perfektes Einrichtungsstück sowohl für Kinder, als auch für Erwachsenen sein. Die Komposition von natürlichem Holz und Acryl wird durch den individuell gestalteten Segler und den mit sanften Linien gefertigten Delphin wirklich spannend gemacht.

2 Mitgliededer von unseren 5 Minka-Produktlinien wurden auch mit einem einzigartigen Design versehen. Eine von unseren großen Dekorlampen, die durch ein modernes Design geprägt sind, hat eine Galaxiemuster, während die andere mit einem Regenbogen-Herzchen Muster dekoriert wurde.

HANKA

EN Members of our Hanka product family which are defined by blue as a basic colour and an astronaut theme will primarily enchant little boys, while their pink accented lights with butterfly-floral patterns will charm little girls.

HU Hanka termékcsaládunk kék alapszínű, űrhajós tematikájú tagjai elsősorban a kislányokat, rózsaszín hangsúlyos, pillangós-virágos mintájú lámpái pedig a kisfiúkat fogják elbűvölni.

DE Die Mitglieder unserer Produktfamilie Hanka, die durch eine blaue Grundfarbe und Astronautenmotiven gekennzeichnet werden, bezaubern in erster Linie kleine Jungen, während die Lampen mit rosa Akzenten, Schmetterlings- und Blumenmustern kleine Mädchen verzaubern werden.

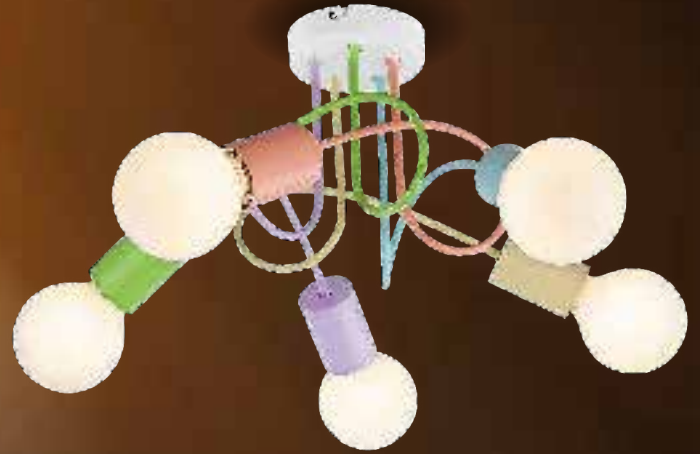

CATHY, SHEPHERD & LEON

EN Our Cathy, Shepherd and Leon children's lamps have been inspired by the animal kingdom, so they will surely seize the imagination of the youngest ones. You can find both general and additional lighting among the members of all three product families.

HU Cathy, Shepherd és Leon gyermeklámpáinkat az állatvilág inspirálta, így biztosan magukkal ragadják a legkisebbek képzeletét. Mindhárom család tagjai között találhatunk általános és kiegészítő világítást egyaránt.

DE Unsere Kinderlampen Cathy, Shepherd und Leon wurden von der Fauna inspiriert, so werden sie die Fantasie der Jüngsten sicherlich anregen. Unter den Mitgliedern aller drei Produktfamilien befindet sich sowohl allgemeine als auch zusätzliche Beleuchtung.

LINETT

EN Our **Linett** product is characterised by a sleek style, pastel colours as well as round and curved shapes, therefore they also come through as children's or youngster's lamps.

HU **Linett** termékeinket letisztult stílus, pasztellszínek, valamint kerek, íves formák jellemzik, így gyermek- és ifjúsági lámpákként is megállják helyüket.

DE Unsere **Linett** werden durch einen schlichten Stil, Pastellfarben, runde und geschwungene Formen bezeichnet, deshalb können sie gerne auch als Kinder- oder Jugendleuchten eingesetzt werden.

SMART AND LED LIGHTS

OKOS ÉS LED LÁMPÁK

SMART UND LED LEUCHTEN

The colour temperature and luminosity of our lamps can be controlled by a switch, touch switch, remote control or even via our mobile phone. In addition to this, we can use RGB function to create an even cosier atmosphere in our homes. Using the nightlight, memory or even the timer function we can make our everyday more comfortable. Take a look at our smart lamps and lamps with extra features in the next chapter!

Lámpáink színhőmérsékletét és fényerejét kapcsolóval, érintőkapcsolóval, távirányítóval vagy akár saját telefonunkról is vezérelhetjük. Ezek mellett RGB funkcióval varázsolhatjuk hangulatosabbá otthonunkat! Az éjszakai, memória vagy akár az időzítőfunkció segítségével kényelmesebbé tehetjük mindennapjainkat. A következő fejezetben tekintse meg okos és funkciós lámpáinkat!

Die Farbtemperatur und Lichtstärke unserer Lampen kann mittels eines Schalters, Touch-Schalters, einer Fernbedienung oder sogar von unserem Handy kontrolliert werden. Außerdem können wir mithilfe der RGB-Funktion eine gemütliche Atmosphäre in unserem Zuhause schaffen. Mit der Hilfe der Nachtlicht-, Speicher- oder sogar Timerfunktion können wir unsere Alltage bequemer machen. Schauen Sie sich unsere smarte Lampen und Lampen mit Extra-Funktionen im nächsten Kapitel!

Colour temperature

In terms of CCT we differentiate 3 colour temperatures: cold, natural and warm white. This temperature range indicates which shade of white light is being emitted by the luminaire.

Although choosing the colour temperature is completely subjective, each colour temperature may give us a different sensation. That is the reason why a colder, natural light might be suitable when we need a more concentrated light, e.g. during working or learning, while warm white light is recommended for relaxation or resting in the evening.

Szabályozható színhőmérséklet

A CCT kapcsán 3 színhőmérsékletet különböztetünk meg - hideg, természetes és meleg fehéret. Ez a hőmérsékleti skála jelzi, hogy a fehér fény mely tónusát bocsátja ki a lámpatest.

Bár a színhőmérséklet kiválasztása teljesen szubjektív, mégis az egyes színhőmérsékletek más és más érzetet adhatnak. Éppen ezért, ha például egy koncentráltabb fényre van szükségünk pl. munkához vagy tanuláshoz, akkor egy hidegebb, természetes fehér fény lehet a megfelelő, míg lazításhoz, esti pihenéshez a meleg fehér ajánlott.

Farbtemperatur

In Beziehung mit CCT unterscheiden wir 3 Farbtemperaturen: kalt-, neutral- und warmweiß. Dieses Temperaturspektrum gibt an, welcher Ton von weißem Licht vom Beleuchtungskörper abgestrahlt wird.

Obwohl die Auswahl der Farbtemperatur völlig subjektiv ist, können die verschiedenen Farbtemperaturen unterschiedliche Empfindungen bringen. Deshalb kann kälteres, natürliches Licht entsprechend sein, wenn wir ein konzentrierteres Licht benötigen, z. B. beim Arbeiten oder Lernen, während warmweißes Licht zum Relaxieren und zum Rast am Abend empfohlen ist.

RGB

RGB (Red-Green-Blue) lighting means that the respective lamp contains red, green and blue chips. This enables colourful mood-lighting.

Since people are reactive to colours and they are capable of influencing our mood, lamps featuring RGB function are getting preferred in the field of lighting.

RGB

RGB (Red-Green-Blue) világítás alatt azt értjük, hogy az adott lámpa piros, zöld és kék chipkeket tartalmaz. Ezáltal az egyszerre színes hangulatvilágítást biztosíthat.

Mivel az emberek érzékenyek a színekre és ezek képesek befolyásolni a hangulatot is, így a világítás terén is kezdenek előnyt élvezni az RGB funkcióval ellátott lámpák.

RGB

Unter RGB- (Red-Green-Blue) Beleuchtung verstehen wir, daß die jeweilige Lampe rote, grüne und blaue Chips enthält. So kann ein farbiges Stimmungslicht geschafft werden.

Da Menschen empfänglich für Farben sind und diese auch unsere Laune beeinflussen können, werden Lampen mit RGB-Funktion im Bereich von Beleuchtung immer mehr bevorzugt.

Dimmable

Dimmability means changing the luminosity of the lamp. Adjustable lamps help us configure lighting in our environment in a simple and aesthetic way. Regarding the control mode we differentiate two trends depending on whether the luminosity of the lamp can be adjusted gradually or continuously.

Szabályozható fényerő

A dimmelhetőség a lámpa fényerősségének változtatását jelenti. A szabályozható lámpák segítenek, hogy egyszerűen és esztétikusan tudjuk kialakítani a környezetünkben a fényt. A szabályozás módjánál megkülönböztetünk két irányt attól függően, hogy a lámpa fényereje fokozatokban vagy folyamatosan állítható.

Lichtstärke Regler

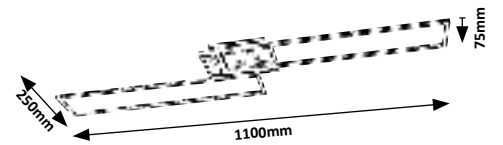

Dimmbarkeit bedeutet die Änderung der Lichtstärke von der Lampe. Regulierbare Leuchten helfen uns, damit wir die Beleuchtung in unserem Ambiente einfach und ästhetisch gestalten können. Beim Reguliermodus unterscheiden wir zwei Trends abhängig davon, ob die Lichtstärke der Lampe in Stufen oder kontinuierlich reguliert werden kann.

BEST OF RABALUX

IMPRINT • IMPRESSZUM • IMPRESSUM

English

Colour and pattern discrepancy are possible. We are entitled to change the pattern.
We don't bear the responsibility of the printing failure.

Magyar

Szín és minta eltérés lehetséges. A minta változtatás jogát fenntartjuk!
Az esetleges nyomdai hibákért elnézésüket kérjük és azokért felelősséget nem vállalunk.

Deutsch

Farbe und Musterunterschied ist möglich. Wir halten das Recht von Musteränderung aufrecht.
Vor die eventuellen Druckfehler bitten wir um Entschuldigung und vor die Fehler können wir die Verantwortung nicht übernehmen.

Français

Il est bien possible d'avoir quelques alternances de la coloration et du modèle. Nous soutenons notre droit aux changements de modèles.
Excusez-nous des éventuelles fautes d'imprimerie dont nous ne nous considérons pas être les responsables.

Česky

Prodejce si vyhrazuje právo průběžně modifikovat své výrobky a tedy údaje uvedené v tomto katalogu mohou být bez předchozího oznámení změněny.
Tiskové chyby vyhrazeny.

Slovensko

Obstaja možnost odstopanja pri odenku barve izdelka. Pridržujemo si pravico do spremembe vzorca.
Ne prevzemamo odgovornosti za morebitne tiskarske napake.

Polski

Możliwe są odchylenia w kolorach i wzorach. Podtrzymujemy prawo zachowania zmiany wzoru.
Przepraszamy, a zarazem nie ponosimy odpowiedzialności za ewentualne błędy powstałe w druku.

Українська

Можлив зм ни у вз рцях та кольорах. Ми можемо зм нити вз рц на св й розсуд.
За можлив друкарськ помилки просимо вибачення та в дпов дальност не несемо.

Română

Este posibilă alternanța model/culoare. Ne reținem dreptul de a schimba modelele.
Pentru eventualele greseli de tipar, Vă cerem scuze ;dar nu ne asumăm răspunderea pentru ele.

Srpski

Moguće su razlike u bojama i šarama. Zadržavamo pravo na promene šara.
Za moguće štamparske greške unapred se izvinjavamo i za njih ne primamo na sebe odgovornost.

Hrvatski

Postoji mogućnost odstupanja u nijansi boje artikla.
Ne snosimo odgovornost u slučaju pogreške u tisku.

Slovensky

Predávajúci si vyhradzuje právo priebežne modifikovať svoje výrobky a preto aj údaje uvedené v tomto katalógu,
môžu byť zmenené bez predchádzajúceho oznámenia.
Za prípadné tlačové chyby nenesieme zodpovednosť.

български

Възможни са промени в цветовете и нюансите.
Ние не носим отговорност за печатни грешки.

Lietuvių

Galimi spalvų ir rašto netikslumai. Pasiliekiame teisę keisti raštą.
Atsiprašome, bet už spausdinimo klaidas neprisiimame atsakomybės.

Latviešu

Ir iespējamas krāsas un modeļa neatbilstības. Mēs paturam tiesības mainīt modeli.
Atvainojamies, tomēr neuzņemamies atbildību par drukas kļūdām.

Eesti

Värv ja muster võib erineda. Jätame endale õiguse mustri muutmiseks.
Vabandame, kuid ei vastuta trükkivigade eest.

Grafikai munkák: Visionext Reklámstúdió
Nyomdai munkák: Keskeny és Társai 2001 Kft.
